FICTIONAL TEST EVIDENCE - NOT A REAL RECORD

Medical records, hospital report and authorization review

Hospital emergency report

Patient: Elena Sofia Rivera. Date of service: February 14, 2026. Facility: Elm Harbor Memorial Hospital, 55 Clinical Way, New Haven, CT 06511.

Emergency department visit documented neck soreness, headache and left wrist pain; x-ray confirmed left distal radius fracture.

The hospital discharge summary dated 02/15/2026 identifies Dr. Iris Raman as attending physician.

Record ID TEST-HOSP-2146; this page simulates a hospital record only; it does not prove the original record was served to opposing counsel.

Authorization status

A draft HIPAA medical authorization was prepared on October 10, 2026. The draft is not signed and does not authorize release. Attorney must obtain and verify execution before relying on it.

Medical records, hospital report and authorization review (continued)

Surgery and therapy records

Elena Sofia Rivera underwent left wrist open reduction and internal fixation on 02/23/2026 under Dr. Lena Cho.

Harbor Orthopaedic Associates outpatient physician report dated 09/30/2026 assessed an 8 percent permanent partial loss of use of the left upper extremity.

Physical therapy treatment provided by Morgan Lee, DPT through 10/07/2026. A discharge or full-recovery statement is not present.

No psychiatrist or psychologist records are included in this mock packet.
